► **B'Gan Unsalted Margarine Spread** : Some one pound blocks of B'gan Unsalted Margarine Spread have Kosher for Pesach Markings on the outer cardboard box, but the printed wrapping inside do not have Pesach markings and list non-Pesach ingredients. This item should not be used on Pesach.

- **Maple syrup** needs Passover certification.
- **Almond milk** needs Passover certification. Lieber's makes a *Kosher L'Pesach* variety.
- If you have an ongoing order that contains *chametz*, make sure to cancel it (or suspend it) for over *Pesach*.
- One may not order *chametz* before *Pesach* or on *Chol Hamoed* to be delivered after *Pesach*.
- Tums products contain *Kitniyos*. There are also those of the opinion that in addition, Tums may also contain flavorings that are derived from *chametz*.
- **Ipecac / Ipecacuanha** [Tablets and Pellets] has been discontinued. However, if you still have any around, those are acceptable for use on *Pesach*.

► **Correction Regarding Kirkland Water.**
Kirkland Bottled Water

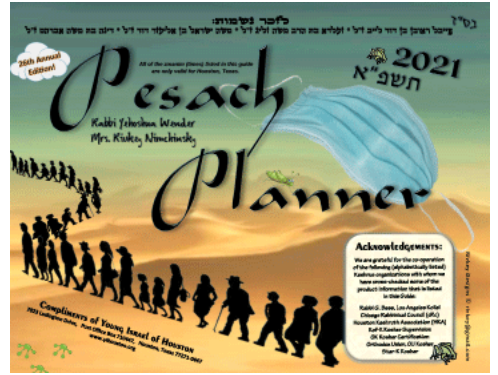

— Updated for 2021: All of the Kirkland unflavored water is acceptable for use on *Pesach* this year, even if the label indicates that "minerals" were added.

— There may be a run of Kirkland water that does have a "P" listed on the label, but please know that even if there is no "P" and it is regular unflavored water (with or without added minerals), then it is acceptable for use on *Pesach*.

► **Omitted from our Planner this year, but still true:**

Virgin Coconut Oil — All virgin coconut oils with regular OU certification may be used on *Pesach*, even without *Passover* certification.
