February 2026

Dear Friends,

For over thirty years, Young Israel of Houston has proudly published and distributed our meticulously researched **Pesach Planner**. This publication continues our tradition of providing essential Passover information, including laws, helpful tips, updated schedules, and an extensive Kosher for Passover product list, a valuable resource for preparing for the holiday.

The Pesach Planner is a free service to the entire Houston community and beyond, used by hundreds of people each year, both inside Houston and in many other cities as well. Many can be seen carrying their Planners while shopping or viewing a digital copy on their devices. In fact, we have received feedback from readers across the U.S. and even internationally who have found it incredibly useful.
